

TABLE OF CONTENTS

1455 Lincoln Parkway is a eight-story, Class A building located in the Central Perimeter submarket. The 186,846-square foot building is located near the intersection of Ashford Dunwoody Road and Perimeter Center East, offering easy access to GA 400 and I-285.

Building hours are 7:00 a.m. to 6:00 p.m., Monday through Friday and 7:00 a.m. to 1:00 p.m. on Saturday. Closed on Sunday and Holidays.

Please click [here](#) to view the building's brochure.

Eastbound On I-285 North

Take the Ashford-Dunwoody exit (No. 29) and turn left at the light onto Ashford-Dunwoody. Angle toward the right lane. Go .4 miles (past the two entrances for the Ravinia building) and turn right at the light (Exxon station) onto Perimeter Center East. Go .6 miles and turn right onto Lincoln Parkway (the second sign for Building 56). Take the second right into the parking lot of the 1455 Lincoln Parkway building.

Westbound On I-285 North

Take the Ashford-Dunwoody exit (No. 29) and turn right at the light onto Ashford-Dunwoody. Go .3 miles (past the two entrances for the Ravinia building) and turn right at the light (Exxon station) onto Perimeter Center East. Go .6 miles and turn right onto Lincoln Parkway (the second sign for Building 56). Take the second right into the parking lot of the 1455 Lincoln Parkway building.

1455 Lincoln Parkway, LLC
P.O. Box 732962
Dallas, TX 75373-2962

Building Security

Security Hours

16 hours a day, 7 days a week 7:00 am - 11:00pm

Management Office Phone

404-841-3000

1455 Lincoln Parkway provides a security officer on site 16-hours a day, 7 days a week.

After Hours/Weekend Access

To assist us in preventing unauthorized entry into the building, we ask that you immediately report to the Security Officer any attempt or actual occurrence of someone following you (tailgating) through secured areas. Any unusual activities or unauthorized person(s) should be reported to the Security Console at 770-396-2978. Please know that the console phone is forwarded to the security officer's mobile phone.

All after hours access by vendors or tenants moving items off property must have a security clearance form on file in order to access any part of 1455 Lincoln Parkway. [After Hours Security Access Form](#).

Security will not grant individuals access to suites without property managements approval. Property management will seek approval from the tenant contact after hours.

Philosophy

To establish a program that utilizes a combination of equipment and manpower for the purpose of providing building information and assistance to our tenants and their guests while maintaining an environment that is perceived to be safe and convenient.

Procedure

- 1455 Lincoln Parkway has developed a program which provides for an access control system, public monitoring system, life safety system, central control monitoring center and an in-house courtesy staff.
- The Access Control System consists of building entry control at the various perimeters of the buildings during non-business hours. During non-building hours, all perimeter doors will be secured and alarmed for egress or ingress.
- The Public Area Monitoring System consists of cameras strategically located throughout the public areas of the complex. These cameras are monitored by the Console 24 hours per day. At designated perimeter controlled access areas are card readers with intercoms to provide assistance.
- The Life Safety System consists of a fire command center for monitoring smoke detectors, automatic sprinkler system, smoke control system, standby power system and alarm system.

Each suite shall be issued the appropriate amount of keys per locked door upon occupancy of the premises. You may purchase additional keys from building management at any time after move-in.

If you wish to install an internal security system, appropriate security codes to grant access must be provided to the Property Management Office. This allows appropriate personnel entry into your suite in the event of an emergency. All internal security systems must meet fire and city codes.

If tenant wishes to re-key an office suite, contact the Property Management Office to coordinate. All costs of tenant desired re-key will be borne solely by the tenant.

[Click Here for a Key Request Form](#)

Please contact the Management Office at (404) 841-3000 to claim items that have been lost or found in the building.

Solicitation is not permitted at 1455 Lincoln Parkway. Please contact the security personnel should a solicitor visit your office. It is our policy to escort these individuals from the premises

Do

Call the Management Office at 404-841-3000

Don't

Don't call police. Management Office will do that.

Try to obtain the following information from the caller (the object is to keep the person talking while you calmly note voice characteristics and other valuable information):

- Exact location of the device
- Time set up for detonation
- Description of the device
- Reason for the threat.
- Exact words used by the subject.
- Exact time of the call.

Bomb Threat Checklist

We rely on the Police authorities to advise us of protective actions that shall be taken during a local civil disturbance in or around our premises.

Emergency procedures may include one or more of the following:

1. Partial building evacuation
2. Securing entry to the building.
3. Securing all stairways.
4. Locking off the elevators

House Security & Police Problems

FIRST call 911. Serious offenses or emergencies of any matter should be reported to the Dunwoody Police Department. Immediately thereafter, report the situation to the Management Office/Building Security.

Management Office: 404-841-3000

Building Security: 770-396-2978

If you are in the elevator and it stops for no apparent reason, remember to remain calm. Pressing the emergency button within the cab will alert Building Management that the elevator is malfunctioning. The cab number will be identified, and so too, the specific floor on which it is stuck. The Guard will establish two-way communication with elevators occupants until help has arrived.

In the event of a power outage, elevators will continue to operate using our emergency power generator. Should an outage occur, elevator lights will remain on, but the car itself will temporarily cease moving. Each elevator will automatically return to the lobby, their doors will open, and they will remain inoperable

until the power has been restored.

In the event of a fire, elevators must not be used for evacuation. Use the stairwells.

All Emergencies	911
Building Management Office	404-841-3000
Security Desk	770-396-2978
Atlanta Fire Department (Non-Emergency)	678-406-7929
Atlanta Police Department (Non-Emergency)	404-294-2911
Emory Saint Joseph's Hospital	678-843-7001

Important Notes

If you call 9-1-1 as a result of a medical emergency, please be sure to also notify building management with your name, callback number, and location so that security may swiftly guide the paramedics to your exact location.

If the audible alarm within the building sounds, please do not call the Management Office unless you have something specific to report. Building Management is aware of the noise, as well as the source of the alarm, whether it's false or a legitimate emergency. Please keep the telephone lines clear so that Management may attend to the situation as quickly and efficiently as possible.

Do not accumulate quantities of discarded files or other paper trash in your office or storage area. Pay special attention to housekeeping in those departments that produce quantities of debris, such as duplication machines, mailing and receiving rooms.

Do not store large quantities of flammable solvents, duplicating fluids, or other combustible fluids.

Keep electrical appliances in good repair. Report unsafe conditions to the building office.

When furnishing an office, consider the fire potential of materials used in large amounts, like overstuffed chairs, settees, couches or anything that could become a combustible item. Such furnishings should be flame-proofed. No furnishings can block exit doors.

Where potential for fire is especially high, such as supply rooms, tenants may wish to consider installing additional fire extinguishers.

In the event of a flood that may cause damage to tenant property or affect the normal operation of the building, designated tenant representatives will be contacted by Building Management personnel, regardless of the time of day.

The first priority is to ensure that no personal injury occurs as the result of a flood. The second priority is to

discover the cause and prevent or minimize additional flooding.

Once the flooding has been contained, clean-up operations will be commenced. Tenants will need to contact their insurance carrier for any damage to their property.

Parmenter recommends that each tenant have an emergency action plan in place to help their employees prepare for, and react quickly to, a regional emergency, including terrorist attacks. Click on the links below to access a variety of resources that aid in preparing for a regional emergency:

[Georgia Department of Public Safety](#)

[Atlanta Office of Emergency Management](#)

[Department of Homeland Security](#)

[Federal Emergency Management Association](#)

[American Red Cross](#)

[Center for Diseases Control and Prevention Emergency Preparedness and Response](#)

In the event that an accident or illness befalls one of your employees, or a visitor to your office area, please:

1. Call Emergency Services at 911.
2. Provide the Emergency Dispatcher with the following information:
 - Your name
 - Your building's name and address
 - Your specific floor number, and the exact location of the emergency
 - Any pertinent details of the accident or illness
3. Do not move the injured/ill person. Attempt to make them as comfortable as possible.
4. If feasible, send someone to meet the emergency unit upon its arrival in the lobby.
5. Call the Management Office at (770) 350-7990. Inform Management that you have called 911 and briefly describe the nature of the emergency.
6. The emergency unit will be with you shortly and will administer all necessary medical assistance.
7. Determine, if possible:
 - Name, address and age of injured/ill person
 - The nature of the problem, as best you can surmise
 - All known allergies and current medications taken by the individual
 - A local doctor
 - Emergency contact person

1455 Lincoln Parkway Office Building and common areas are served by emergency generators. In the event of power failure, these generators will provide emergency power for certain basic building functions. Those functions include:

1. Activating emergency lights on each floor throughout the building, including all Exit signs.
2. Activating all stairwell lighting.
3. Activating the building's emergency Fire, Life and Safety Systems as well as the building's communication systems.
4. Recalling all elevators to the ground floor lobby. (One elevator will remain operative for use by security to assist handicapped persons or to take service crews and equipment into the building, as needed.)

It is seldom necessary to evacuate the building during a power failure. Unless you are directed to do so through the emergency communication system, please remain in your offices.

Please...**Do Not Call** the Management Office unless you need to notify us of the location of a disabled employee.

When severe weather conditions become apparent, the U.S. Weather Bureau describes conditions by two (2) classifications, a Watch or a Warning. This applies to the reporting of severe thunderstorms, the approach of weather conditions favoring the formation of tornadoes, a hurricane condition, a winter storm condition, etc. A Watch becomes effective when atmospheric conditions are present that can produce the particular weather phenomenon. A Warning means that the weather condition has been spotted and prompt action must be taken to enhance safety.

Except in very rare circumstances, the decision to evacuate the building based on the above weather reports will not be made by Building Management, but rather by each Tenant Company. However, in the event these conditions do exist, the following guidelines should be adhered to:

- Move away from outside windows. If the windows in your offices are supplied with blinds, close the blinds (this will provide protection from broken glass).
- Do not panic.
- If evacuated, lock all desk drawers and take all items of value with you.
- If evacuated, use a route that is in the building interior and stay away from large expanses of glass and windows.
- Use the stairwells rather than the elevators.
- If evacuated, do not return to your office until advised to do so.

If there is a toxic spill or exposure, proceed immediately to an area where you are no longer exposed. Call 911. Provide the building's address, your floor and phone number, and also what type of spill has occurred. Take appropriate action to contain the hazard; close doors behind you, and always follow all safety procedures when working with toxic materials.

Forms:

Fire Warden

A building standard plaque will be provided at tenant's expense to identify your suite's entry. Additionally, an electronic directory is provided in the building lobby for your use.

All requests for signage must be approved through the Management Office. Please fill out and submit a tenant signage form with the name of your company as you wish it to be displayed outside your suite door and on the directory in the lobby. Door signs must be ordered at least three weeks prior to your move in order for installation to occur upon occupancy.

Janitorial service is provided Monday through Friday evenings after normal business hours. Routine office cleaning includes vacuuming, dusting and emptying wastebaskets. New tenants should expect service to commence on the first regular service day after move-in unless otherwise requested.

As a reminder, please do not place any object near or against trash receptacles if the material is not to be thrown away. If you have something that is trash but it will not fit in a trash receptacle, please label it as Trash or Basura.

Special Requests

If you have any special requests or require emergency janitorial assistance, please direct your request to the Management Office at 404-841-3000 or through the [ANGUS](#) System.

Passenger elevator service is provided for the common use of all tenants and visitors during regular building hours. For your safety and convenience, each elevator is equipped with a telephone providing direct communication to maintenance responders in the event of an emergency situation.

Freight Elevator

A freight elevator for deliveries is provided at the building's loading dock entry. The freight elevator is reserved for use of standard office and courier deliveries during regular building hours.

For your convenience, we have included downloadable and printable PDF document forms that will expedite various building management service requests. Hard copies of all forms are available from the property management office as well. To view and print PDF files, you need the Adobe Acrobat Reader software. If not already installed on your computer, it can be obtained for free at www.adobe.com.

Hours

Monday - Friday	8:00 a.m. to 6:00 p.m.
Saturday	8:00 a.m. to 1:00 p.m.
Sunday	None
Holidays	None

Standard operating hours for the buildings' heating and cooling system are from 8:00 a.m. to 6:00 p.m. Monday through Friday and from 8:00 a.m. to 1:00 p.m. on Saturday. There are no HVAC services on Sunday. We would be glad to arrange HVAC service beyond these hours at an additional charge per the terms of your Lease Agreement. If there is not a rate listed in your lease, the charge is \$45 per hour minimum 2 hours. You will be billed for the service on a work order. Requests for additional service on weekdays, weekends and holidays should be placed by 12:00 p.m. on the last business day prior to the date HVAC is required. There is a form included here for your use.

If you need adjustments to the temperature of your office, please call the Property Management Office or enter a [work order](#). Individual temperature adjustments must be handled by a member of the building staff. We will make every effort to provide an even temperature and as comfortable an environment as possible.

Car Wash**Mobile Dry Cleaning**

Please contract personal Touch Mobile Dry Cleaning for Pick up Services on Monday & Thursday. Email: personaltouchdrycleaning@gmail.com 678-725-4201.

Reserved parking is available per the terms of your lease agreement.

Overnight parking is not permitted without Management approval. All vehicles left overnight without prior approval will be towed at owner's expense.

[Click Here to Download an Overnight Vehicle Parking Form](#)

1455 Lincoln Parkway Shuttle Bus Service

The current shuttle bus for the Perimeter Center East Building is as follows:

Morning Route: 6:30am to 9:30am

Pick up at MARTA station

Drop off at 41, 47, 53, 56, 64 and 66

Perimeter Center and 1455 Lincoln Parkway

Afternoon Route: 3:30pm to 6:30pm

Pick up at 41,47,53,56 and 1455 Lincoln Parkway

Drop off at MARTA station

Each full Route takes approximately 15 to 20 minutes (pending traffic)

Vendor Regulations

When arranging for services provided by an outside vendor for work in individual office suites, tenants and their vendors are asked to please comply with the following guidelines:

- Inform the Management Office 404-841-3000
 - A vendor shall be permitted access to the building only pursuant to the request of the tenant and only for the purpose of direct deliveries to the specified suite.
 - Tenant's outside vendors are allowed access to the building during normal business hours. Vendors requiring after-hours access will only be admitted if tenant has contacted the building management office.
 - Vendors may not solicit work from other tenants in the building.
 - Vendor must provide a Certificate of Insurance meeting certain requirements for General Liability, Worker's Compensation and Auto Liability.
1. The sidewalks, entrances, lobbies, passages, concourses, parking areas, ramps, courts, elevators, vestibules, stairways, corridors, loading areas or halls or other common areas of the Real Property shall not be obstructed or used by Tenant or the employees, agents, servants, visitors or business invitees of Tenant for any purpose other than ingress and egress to and from the Premises and for delivery of merchandise and equipment in prompt and efficient manner, using elevators and passageways designated for such delivery by Landlord.
 2. No awnings, air-conditioning units, vents, fans or other projections shall be attached to the Building. No curtains, blinds, shades, or screens shall be attached to or hung in, or used in connection with, any window or door of the Premises or Building, without the prior written consent of Landlord. All curtains, blinds, shades, screens or other fixtures must be of a quality, type, design and color, and attached in the manner approved by Landlord and in compliance with all applicable fire and other codes and ordinances. All electrical fixtures hung in offices or spaces along the perimeter of the Premises must be fluorescent, of a quality, type, design and bulb color approved by Landlord (unless the prior consent of Landlord has been obtained for other lighting) and in compliance with all applicable fire and other codes and ordinances.
 3. Except as expressly provided for in the Lease to which this Rider A is attached, no sign, advertisement, notice or other lettering shall be exhibited, inscribed, painted, or affixed by any Tenant on any part of the outside of the Premises or Building or on the inside of the Premises if the same can be seen from the outside of the Premises without the prior written consent of Landlord. In the event of the violation of the foregoing by Tenant, Landlord may remove same without any liability, and may charge the expense incurred for such removal to the Tenant or Tenants violating this rule. Interior signs on doors and directory tablet shall be inscribed, painted or affixed for each tenant by Landlord at the expense of such tenant, and shall be of a size, color and style acceptable to Landlord.

All tenants and vendors are required to provide and maintain certificates of insurance with the Management Office. Endorsement pages must also be provided. Any person or company you employ to perform labor in your space must provide a certificate of insurance and necessary endorsements prior to commencement of work. The amounts of coverage may be found on the Sample Certificate. Please note that the “certificate holder” should read:

1455 Lincoln, LLC, Parmenter, LLC d/b/a Parmenter Realty Partners must be listed as Additional Insured and the Certificate of Insurance must be accompanied by the Additional Insured Endorsement Forms in order for it to be acceptable.

Please contact the Management Office at 404-841-3000 with any questions regarding insurance coverage requirements.

Twenty-four hour advance written notice is required for all moves in and out of 1455 Lincoln Parkway. This moving policy applies to all furniture and equipment deliveries. Tenants are required to contact the Management Office 24 hours in advance to coordinate the move, reserve the service elevator and loading dock as well as making sure the appropriate [insurance certificates](#) are on file. A completed [Authorized Activity Report](#) is to be completed and handed into the Management Office 24 hours prior to move. All requests are on a first come first serve basis. You must move within the time allotted for your move.

Move-ins/outs must be accomplished after 5:00pm, Monday through Friday, or during your scheduled time on the weekend. If you have any questions, please contact the Management Office at 404-841-3000.

Notice to Tenants

In accordance with the building’s policies, smoking is prohibited within the 1455 Lincoln Parkway building and on its property grounds. In an effort to continue to provide a smoking area at 1455 Lincoln Parkway, the designated smoking area is located on the first floor of the parking deck. E-Cigarettes are not permitted.

Smoking is prohibited anywhere else in the building or its associated grounds.

Further consideration of changing to a non-smoking campus will be taken into account if tenants and invitees do not utilize the designated areas and smoke in other areas of the property.

If you have any questions or concerns, please call the management office at (770) 396-8705.

Thank you in advance for your cooperation,

Parmenter Management Team

Prior to commencement of any alterations and/or remodeling work, drawings must be submitted to the Landlord for approval. In addition, the proper city authority must provide approval before any work can begin. Should your lease reference construction inducements, this must be coordinated and organized by the Landlord. Once approved, please refer to the [Construction Building Rules and Regulations](#) included in this Handbook prior to commencement of work.
